 -Acon Asia Marketing Sdn bhd (AUG 2017-AUG 2018)

Work Description:
Kloudius Sdn Bhd
It is a start up company aiming to work on games, asset creation and other creative application software.
-To create various assets according to unique clients' needs.
-To recreate unique home spaces according to client photos by using the client's software known as Walter. It is a photo tracing software that allows tracing of photos using lines to recreate an empty space that will later be filled with its fixtures such as windows, doors and outlets as similar as possible.
-Later on, this room is exported to 3Ds max to further customize fixtures and then uploaded to their online rendering software called Elsie.
-To complete a number of spaces per day according to quota.
-To support handling, QA and managing spreadsheets and discrepancies
